Next week - Lisa

Don’t forget your piece of fruit and $0.50 for recess and money for lunch

Fruit Break 10am daily - each child can bring a piece of fruit.

Wide brimmed red hats available for $8 from school

---

Principal Report

Unbelievable that this is the last newsletter of the term. School breaks up next Friday the 11th of April for the holidays. Staff return on Monday the 28th of April and students return on the Tuesday the 29th. I hope everyone has a great break and enjoys the extra time with their families.

ANZAC day is on the last Friday of the holidays and I have already been notified that some families will not be joining us for the march. Bev or I will be in touch during the next week or so to find out if we will be marching this year.

Unfortunately, we will not be attending the Corndale barbecue this Thursday. We only had one student whose family had indicated an interest in going so I have contacted Jane at Corndale and apologised that we can’t join them.

Our Year 6 students will be travelling to The Channon on Tuesday to attend a personal development activity with other Year 6 students from local schools.

On the same day, Miss O’Neill and Kim will be taking all the Kindergarten and Year 2 students on an excursion to Jiggi to the Jurassic Joe Dinosaur show. They will then do some other activities on the way back to school. There might be a Bunnings tour, a tour of the rescue helicopter base, Art gallery, environment centre. At this stage it is still a bit of a mystery tour as the venues are being confirmed.

We will be joining other small schools on the last day of term, Friday the 11th for a tennis gala afternoon in Lismore. There will be a permission note for the bus coming home later this week. Canteen will go ahead as usual and we will adjust the timing of breaks to fit around the activities.

This will mean our planned assembly will not be able to be held on that Friday, so the students will be holding the term’s final assembly this Friday at 2.30.
Next Wednesday the 9th of April we will be visited by the Children from Dunoon pre-school for our Easter morning. We will be helping the children build and decorate masks. This will be followed by our Easter egg hunt and finally the parade where the kids can have a look at each other’s hats. Anyone is welcome to come along and join in. We are beginning around 10.00. and should be finished by 12.30.

Unfortunately, our Year 5 & 6 students will miss out on the Easter morning. They have chosen to go to the meet and greet day at Blakebrook public school. This is the information day for all students who will be on excursion to Sydney, Canberra and the snow at the end of next term. Miss O’Neill will be transporting the kids to and from the day as she will be the teacher traveling with the children on the excursion.

Thanks to Chris and Annie for starting the printing of shirts today. It is quite a time consuming task.

Dr Nathan was at school this morning with another exiting science morning. There was finger-printing and secret writing as well as a fascinating lesson about plants. Thanks again Nathan.

And now, for a purely selfish message. Relay for Life is on this weekend and our team is trying to raise as much money as we can. If anyone would like to donate to the charity through our team you can do it online and you will have a receipt emailed to you to use at tax time. Just go to the link below. Thank you very much. I know cancer continues to impact on many people in the community.

Our Fruit trees are growing well, especially after the beautiful rain we have had over the last few days.
