Welcome back everyone, I hope you all had a great break.

As you can see by the calendar this term is already filling up. I will be away on Thursday at a TP Meeting, but Liz will be here as usual. Corndale Cross Country is coming up next Thursday and I have attached a permission note to this newsletter.

What a great day we had when the pre-school visited last term and made Easter hats. We were very impressed with the way our students assisted the younger pre-schoolers to make their Easter masks.

The last day of term was also a great day, firstly the circus visit and then on to the tennis day.

Jurassic Joe Excursion.

The K/2s had a fantastic time on our Jurassic Joe excursion to mark the end of Term 1. Our day started with the exciting Jurassic Joe concert, joining with Jiggi Primary and Preschool students. Joe had us all learning dinosaur songs, moves and facts. We were even given a copy of Joe’s latest DVD - please borrow it so you can join in the singing and dancing fun!

Next, we were off to Bunnings for a hands-on sustainability workshop. We talked about recycling and how to reduce electricity and water use. Our kids also decorated...
biodegradable pots and planted special flower seeds in them.

At the Information Centre we went on a mysterious search for lots of native animals. Even Miss O'Neill had a few frights as the animals looked so real!

We had our lunch at Heritage Park and luckily the rain stopped just in time for a play.

Lastly, we arrived at the Westpac Rescue Helicopters just in time to see a helicopter land and the Ambulance arrive. How exciting (and loud!) We had an interesting lesson learning all about the important job the Rescue Helicopters do in our community, and even got to try out the stretcher, be hoisted up in the winch and sit inside.

What a fun and busy excursion! A big thanks to Kim for driving us around safely. As always, our Whian Whian kids were an absolute pleasure.

Miss O'Neill.

K / 2 News

On Thursday mornings, Kindergarten and Yr2 students have the opportunity to tell news. Students are able to bring along a special belonging to show if they wish. This is a great chance for our kids to continue developing their talking, listening and questioning skills.

Miss O'Neill.
